

Staff Motion Designer - Design Systems

Staff-level motion designer focused on UX motion and motion systems. I help teams ship motion that's consistent, scalable, and implementation-ready—turning principles into patterns, guidelines, and Lottie-ready handoff with design systems and engineering.

WORK EXPERIENCE

-  **Qonto** Remote / Berlin, GE
- Staff Motion Designer - Design System**
2025 - Now
 - Own motion system principles, patterns, and docs.
 - Partner with DS + engineering on implementation and QA.
 - Drive adoption with reusable assets and handoff standards.

-  **Staff Motion and Website Designer**
2024 - 2025
 - Led website motion direction and consistency.
 - Built scalable templates/patterns for faster delivery.
 - Shipped implementation-ready motion with performance in mind.

-  **Senior Motion and Website Designer**
2022 - 2024
 - Delivered web motion end-to-end (concept → assets).
 - Set early guidelines and delivery workflow.
 - Prototyped interactions and micro-motions for key pages.

-  **Flink** Remote / Berlin, GE
- Senior Motion Designer**
2021 - 2022
 - Set motion direction across product and brand.
 - Built repeatable workflow for production and handoff.
 - Delivered motion for key launches and campaigns.

-  **Delivery Hero** Remote / Berlin, GE
- Motion Designer**
2020 - 2021
 - Created motion and visual assets for digital products and comms.
 - Worked with design and marketing to ship high-volume work fast.
 - Maintained quality and consistency across channels.

-  **Folket** Stockholm, SE
- Motion Designer**
2018 - 2020
 - Split time between an embedded client team (Skandia) and agency projects.
 - Partnered with clients to storyboard, iterate, and deliver animated videos.
 - Adapted styleframes and concepts into finished motion across multiple formats.
